

Risk Assessment

INSTRUCTIONS FOR COMPLETION

Please complete the table below and review the risk assessment for your nursery. Ensure that you cover each of the individual Hazards / Risks and where possible eliminate these or ensure there are suitable controls in place for each.

The risk assessment should be reviewed regularly and at least annually, and any amendments should be noted on the 'Risk Assessment Review History' table at the end. When new resources, activities or experiences are planned the Setting manager should update this risk assessment accordingly. If new risk is identified these must be added on and noted in the History.
